[illegible]

This diagram illustrates the assembly of a power supply unit. It shows the unit with various components labeled with circled numbers. A power cord (1) is shown being attached to the top of the unit (17). A temperature probe (12) is shown being inserted into the side of the unit (14). The diagram also shows the unit with a power cord (1) and a temperature probe (12) already installed. The unit has a front panel with two large circular ports (3) and a side panel with a temperature probe (12) and a power cord (1). The unit is shown in an exploded view, with the power cord (1) and temperature probe (12) being inserted into the unit (17). The unit has a front panel with two large circular ports (3) and a side panel with a temperature probe (12) and a power cord (1). The unit is shown in an exploded view, with the power cord (1) and temperature probe (12) being inserted into the unit (17). The unit has a front panel with two large circular ports (3) and a side panel with a temperature probe (12) and a power cord (1). The unit is shown in an exploded view, with the power cord (1) and temperature probe (12) being inserted into the unit (17).
